

Making an order from MD Portal's products can never be too hard! Just follow these simple procedures and you will be done in no time.

Step 1:

Identify the brand of product you are interested in purchasing.

Step 2:

Download the Ordering form.

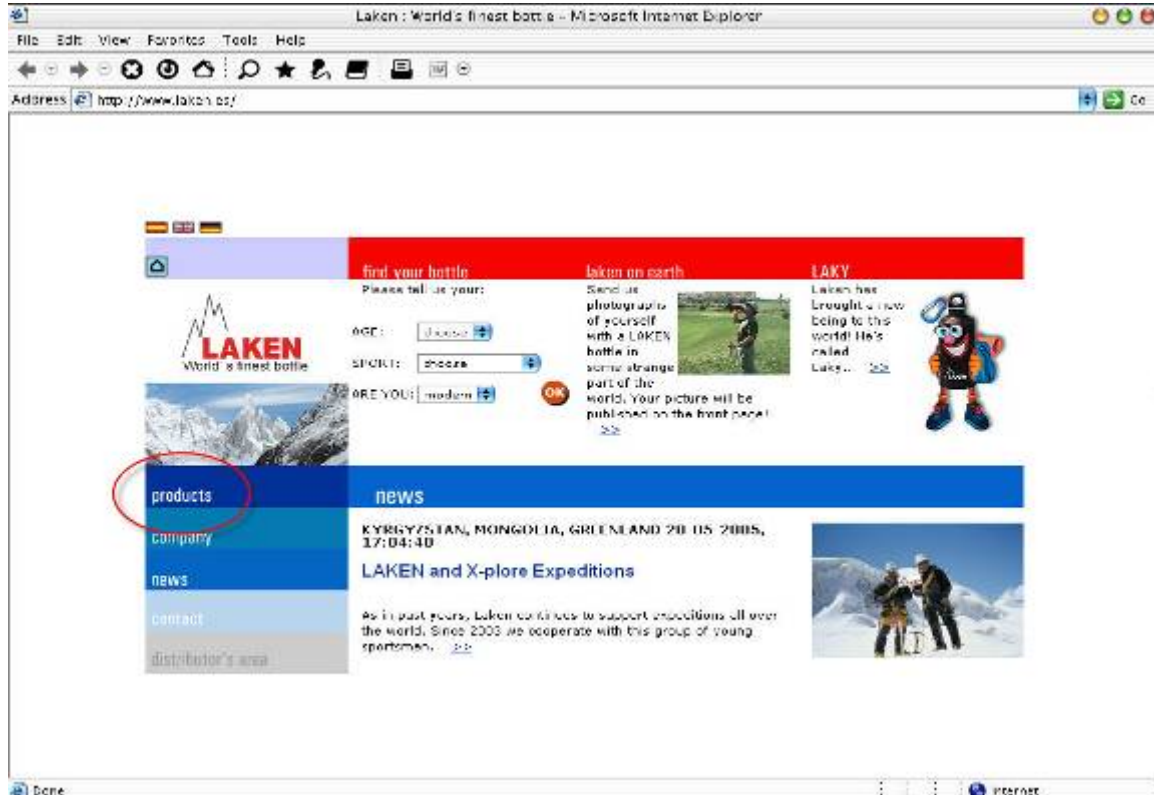

Step 3:

For DRi® and Northstar®, just indicate the quantity you want, and total amount payable. More information of the products can be found on the respective websites <http://www.dritowels.com/> and <http://www.northstarlight.com/>.

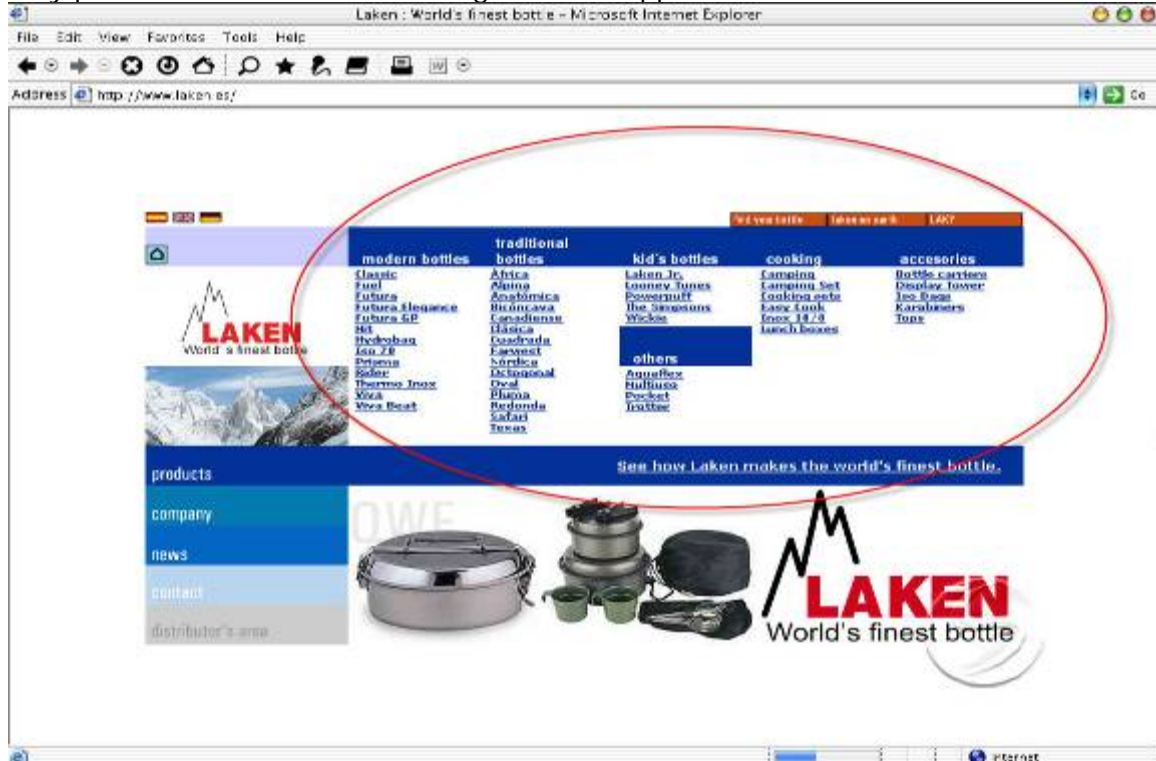

For Laken®, you will need the item code for the exact product you want. i.e. the color and capacity. Please refer to the Laken® website <http://www.laken.es/> for reference to the item codes.

Referencing of Laken item codes

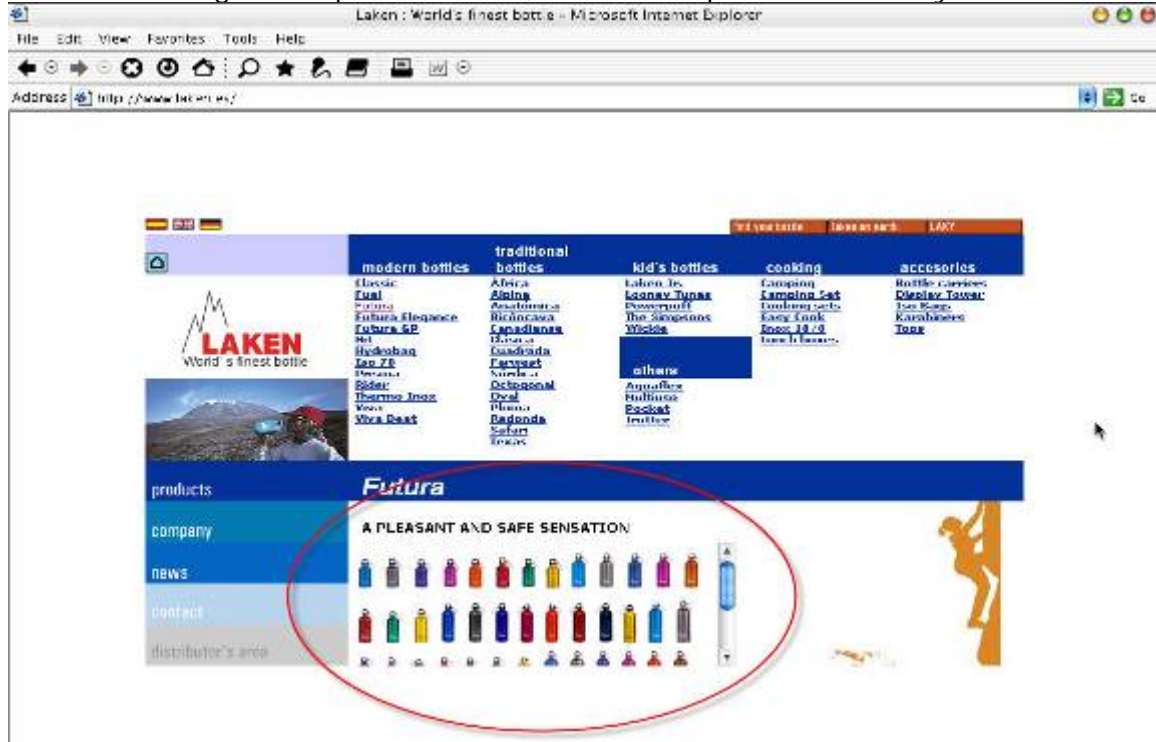

i. click on Products

ii. Browse through the products according to their series categories. Please note that only products listed on our ordering form are applicable.

iii. After clicking on the product series, click on the particular model you want.

iv. Take down the item code or the REF number.

The screenshot shows a Microsoft Internet Explorer browser window displaying the Laken website. The page title is "Laken : World's finest bottle - Microsoft Internet Explorer". The address bar shows "http://www.laken.org".

The website content includes:

- Language selection: [EN](#), [FR](#), [DE](#)
